A lady who had recently moved to the suburbs was very fond of her first brood of chickens. Going out one afternoon, she left the household in charge of her eight-year-old boy. Before her return a thunderstorm came up. The youngster forgot the chickens during the storm, and was dismayed, after it passed, to find that half of them had been drowned. Though fearing the wrath to come, he thought best to make a clean breast of the calamity, rather than leave it to be discovered.

"Mamma," he said, contritely, when his mother had returned, "six of the chickens are dead."

"Dead!" cried his mother. "Six? How did they die?"

The boy saw his chance.

"I think—I think they died happy," he said.—Harper's Weekly.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past 10 years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by all druggists.

Kentucky's school system was discussed at length by Judge S. W. Hager in his speech to a large audience at Marion. The democratic nominee gave figures to show that the present administration had spent more money for schools than any of its predecessors, and promised, if he was elected, to do what he could to increase the appropriation.

In answer to Mr. Willson's charge that the school buildings of the State are in miserable condition, Judge Hager said, at Marion: "If Mr. Willson does not know that the money furnished by the State for schools cannot be used for the erection of the school buildings, but only for the payment of teachers, then he is not fit to be your Governor. Any teacher in the State could have told him that it must be used only to pay the teachers. The buildings must be erected by the counties themselves and the counties in which he found miserable school buildings are the Republican counties where Mr. Willson expects to get his largest vote."

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all druggists.

Wonders never cease. Marconi has inaugurated a regular trans-Atlantic wireless service with most satisfactory results, and is preparing to connect the Atlantic and Pacific in the same way. There is one connection the inventor will not be able to effect, however, that of connecting Hummy Willson with an office. The poor fellow has been trying for one since the memory of man runneth not to the contrary and is still as far off as ever. The people are getting tired of Hummy as a perennial candidate.—Frankfort Journal.

DEATH SENTENCE. -The Negro Robert Hocker, who shot to death Newton Veal, a prominent Fayette county farmer, was given a death sentence at Lexington. His first trial resulted in a hung jury--10 for death and two for life in the penitentiary. Hocker was born in the Hubble school, where he lived until some six or eight years ago.

STABBED TO DEATH. -Joseph Rice, a nephew of Mrs. L. M. Goodknight, of this place, and Mr. W. H. Murphy, was stabbed through the heart at his home at Hedgeville, Boyle county, Friday night. Death was instantaneous. Frank Chapman, his brother-in-law, is charged with the murder and is in the Danville jail. Mr. Rice, his wife and Chapman were at home alone when the trouble occurred and the truth of the murder may never be known. It was first reported that Mrs. Rice was implicated in the killing but we sincerely hope it is not true. Chapman recently served a term in the penitentiary for theft and was in jail here awaiting trial on another charge of stealing when his sister bailed him out a month ago. He is a bad citizen and has been in trouble more or less all of his life. The remains of Mr. Rice were interred in Buffalo cemetery here Sunday afternoon. He was a kind-hearted, clever young man and it is indeed sad that he should meet such a tragic end.

MCKENZIE. -Harris McKenzie, son of Mr. J. V. McKenzie, of the Maywood section, died at his home Sunday night about 7 o'clock. Young McKenzie had just returned from Missouri Saturday, where he had been for some time. He was 18 years old and a splendid young man. His remains were taken to Mt. Vernon yesterday and interred there. Much sympathy is felt for his family in their great loss. Mr. McKenzie was a nephew of Mr. James I. White, of this place.

SHOT. -Last Saturday night at the school house between McKinney and Jumbo, Bud Walls shot William Henry Yocum. Church was being held at the building when a shot was fired on the outside. Mr. Yocum went out to make an investigation and some words were passed when Walls shot. The ball entered Yocum's abdomen and lodged near the spine. Walls was arrested Sunday by Deputy Sheriffs Lee Hill and Wm. Hester and lodged in jail here. Yocum is painfully, but not dangerously wounded.

CARTER. -A good wife and mother went to her reward when Mrs. Walter W. Carter breathed her last at her home at Rowland Saturday evening. She had long been a member of the Baptist church and was one of the best women in her section. Only two months ago Mrs. Carter laid her little baby to rest in Buffalo Cemetery. She was a Miss Tipton and lived at Paint Lick until her marriage. Deceased is survived by her husband and four children and for them much sympathy is felt. Undertaker J. C. McClary held services at the home at 4 o'clock Sunday afternoon and the burial followed in Buffalo Cemetery.

WHAT a world this would be if everybody could be pleased with everything and anything. In every vocation, every occupation, there are to be found the grumbling and dissatisfied. It is the same with every commercial enterprise; no individual concern can please all with its one or several special lines. And so it is in the theatrical field. No one play, no matter what or how good the general public opinion may be of it, can not get by without coming in contact with the "grumbling and dissatisfied." In the great Alexander Dumas masterpiece which will be seen at Walton's Opera House in this city next Friday night, Oct. 25, however, will be found something to please everybody. It abounds with humor, pathos and dramatic situations. In view of the "grumbling and dissatisfied," who often keep the more conservative away from a good play, the producing manager, Fred G. Conrad, of Chicago, who controls the production which will be seen here, has issued the following statement: We hereby authorize the local manager in every town that this company plays, to guarantee it to be first-class in every particular. The word "guarantee" is much overworked; everybody can use it, and almost everybody does. Its a pity to see it abused; "guarantee" is a good word when it means anything. We use it because we have made it mean something. If after the first act you are dissatisfied with the entertainment given, your money will be refunded. Mr. Conrad sends a full senic production and metropolitan company, at whose head will be seen the well-known actor, Mr. William Lewie, who has been appearing with great success throughout the country in the role of "Edmond Dantes," afterward the "Count of MonteCristo." Don't forget the date, Friday evening, Oct. 25th, at Walton's Opera House.

MR. GEORGE B. SAUFLEY, who spoke at Jamestown yesterday, is billed to make a half dozen speeches in Woodford county next week. Mr. Saufley left for Jamestown Sunday, accompanied by Mr. Walter W. Saunders.

HON. OLLIE JAMES, the big, brainy congressman from the First district, spoke to a magnificent gathering of democrats at Danville yesterday. He was introduced in a most appropriate talk by Attorney W. J. Price.

AN immense crowd attended the funeral of Mr. George Barnes Wearan at the home of his parents, Mr. and Mrs. George D. Wearan, Friday afternoon and the procession that followed the remains to Buffalo cemetery was the longest seen here for some time. Dr. A. S. Moffet, of Lebanon, preached a most touching funeral sermon and Rev. J. L. Yandle offered a fervent prayer. The Hustonville male vocal quartet composed of Rev. C. W. F. Daniels, A. B. C. Dinwiddie, Howard Camnitz and V. B. Morse, Jr., gave several beautiful numbers. Floral tributes from Mr. Wearan's many friends literally hid the grave of the splendid young man. Mr. Wearan's death is one of the saddest that has occurred here in years and the whole community is saddened by his untimely taking away.

HON. C. C. McCHORD

His Re-election Is Earnestly Desired by Business Men and Shippers of Kentucky—His Splendid Record.

In view of the importance to all the people of the office of Railroad Commissioner, attention is called to the opposition recently put forth against Hon. C. C. McChord by the petition candidate, Mr. Lew Tarlton. The democratic party nominated Mr. McChord some months ago; thereafter, the executive committee of the republican party met and refused to give him opposition. Nevertheless, on the evening of the very last day on which it could be done, Mr. Lew Tarlton, in disregard of the wishes of his party, as evidenced by the action of its executive committee, filed a petition with the secretary of state and has forced his name upon the ballot as the republican candidate for Railroad Commissioner.

From the following comments from republican as well as democratic sources, it seems that Mr. Tarlton's effort to thus obtain an office will undoubtedly fail:

FROM THE LOUISVILLE TIMES (DEMOCRATIC).

Regardless of political affiliation, business men of Louisville and Kentucky have endorsed the candidacy of Mr. C. C. McChord, and it is not believed in view of this fact, that he would have opposition for re-election. His services as chairman of the Kentucky Railroad Commission were recognized as being most valuable by the business men of the state, and they are desirous of keeping him in the position, where he can protect their interests against the railroads. To this end a nonpartisan movement to endorse his candidacy swept through practically the whole state.

Some of the most valuable services that Mr. McChord has rendered the business interests of Kentucky is his fight to compel the railroads to reduce the freight rates in Kentucky 25 per cent. If this is done Mr. McChord says that Louisville will then be placed on an equal footing with Cincinnati.

FROM THE LOUISVILLE HERALD (REPUBLICAN).

Charles C. McChord was elected Railroad Commissioner ten years ago and was endorsed by the republicans of the state. He has been a valiant champion of the people; indeed, at this moment we know of no public official in Kentucky who has to whom she could say with more candor, "Well done, good and faithful servant."

Mr. McChord has devoted the best part of his life to the cause of the people. He has been a staunch friend of Louisville merchants and manufacturers. He has been able to meet corporate greed with strict interpretation of the law, and in so doing has incurred corporate enmity.

The Herald holds no brief for Mr. McChord, but it would be careless of the duty it owes the public if it did not do the simple act of justice to an honest official.

FROM THE COURIER JOURNAL (DEMOCRATIC).

C. C. McChord, chairman of the Kentucky Railroad Commission, was elected president of the National Association of Railroad Commissioners at its annual meeting, which has just adjourned after a four days' session in Washington, D. C. The honor came to Mr. McChord unanimously. While a large majority of the 125 delegates to the convention are republicans, there was not a dissenting voice to his election.

Considerable surprise was manifested among the delegates over the fact that Mr. McChord has opposition for re-election in Kentucky. He has proved such an all-around capable officer, his election to the presidency of the national convention testifying to the high regard in which he is held, that it was taken for granted that the republicans in Kentucky fully endorsed his record.

FROM THE NEWS LEADER (REPUBLICAN).

While the News Leader is republican in politics, yet it never hesitates to call attention to and to commend the work of a public official when it deserves commendation.

We do not believe the people of Kentucky have the slightest idea of defeating Hon. C. C. McChord for Railroad Commissioner. Although he is the democratic nominee, the regular governing authority of the republican party, namely, its executive committee, some weeks ago refused to make a nomination against him, thereby virtually endorsing his candidacy; he has therefore, received the approval of the two great political parties.

The gentleman who has forced himself upon the republican ticket by petition has no claim upon the republican party for its support for the reason that he is not its nominee.

RESOLUTIONS ADOPTED BY THE BOWLING GREEN BUSINESS MEN'S PROTECTIVE ASSOCIATION.

RESOLVED: By the Bowling Green Business Men's Protective Association, FIRST: That we recognize the fact that the proper regulation of railroad rates is now the most important question before the people of Kentucky, as well as the people of the United States at large.

SECOND: That the Bowling Green Business Men's Protective Association recognizes in the Hon. C. C. McChord a faithful, efficient, and honest public official, who has given great care and study to "railroad regulation," and who has the courage to be just to the shippers and at the same time just to the railroads.

THIRD: That we appreciate the valuable services he has already rendered the people of Kentucky in his present position and believe that if he is permitted to continue in such position the good already accomplished is but a foretaste of the benefits of a Railroad Commission which is not content to be a mere sinecure, but which undertakes to faithfully execute the duties required by law.

FOURTH: We feel that the people of Kentucky could ill afford to lose the services of so able an expert as the Hon. C. C. McChord, just at this time when the question of the regulation of railroad freight rates is on trial and the people of his district are, therefore, urged to stand loyally by him in his fight for re-election.

RESOLUTIONS ADOPTED BY THE LUMBER DEALERS OF KENTUCKY.

WHEREAS, the Hon. C. C. McChord has rendered signal service to the shippers of this state during his entire career as Railroad Commissioner, now therefore, be it

RESOLVED by the Louisville Lumbermen's Club of Kentucky: FIRST: That we recognize in the Hon. C. C. McChord a faithful, untiring and incorruptible public official who by years of intelligent work and study has equipped himself to be, and now is one of the ablest railroad commissioners in the United States with the ability and courage to do justice to both shipper and carrier.

SECOND: That as a club we disclaim any political allegiance with any party, our membership being composed of members of various political parties, but we take this action because we deem the matter one of business rather than politics, feeling that it is the duty not alone to all shippers, but also of all public spirited citizens who desire the development of our state's great natural resources to give to Mr. McChord their loyal and active support.
